Excerpt from Philadelphia Medical Times, 1877, Vol. 7: A Bi-Weekly Journal of Medical and Surgical Science

A very good book of its kind, containing some novel features, prominently among which we commend the interleaving of the diary for note-taking, memorandum-making, etc. It is so arranged that the fiscal year may be commenced at any time, and accounts may be kept quarterly or in blocks or masses not agreeing with the calendar year. The secret of its popularity in the past is easily guessed. About the Publisher
