This excellent value atlas contains all the map features normally included only in the more expensive road atlases. The front section has a route planner, distance table, legend, street map of London, chart of motorway junctions with restricted access, plus a key map. Philips Drivers Atlas Britain 2009 contains 96 pages of road maps covering Britain at 4 miles to 1 inch (parts of Scotland at 5 miles to 1 inch, Orkney and Shetland at 6.25 miles to 1 inch). The maps clearly mark service areas, roundabouts and multi-level junctions, and in rural areas distinguish between roads over and under 4 metres wide - a boon for drivers of wide vehicles. The town plan section includes 53 town and city centre maps, marking car parks and places of interest. Completing the atlas is a comprehensive index of 28,000 place names.
